

# SOAK

BATHROOMS

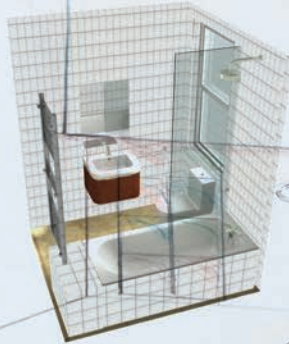

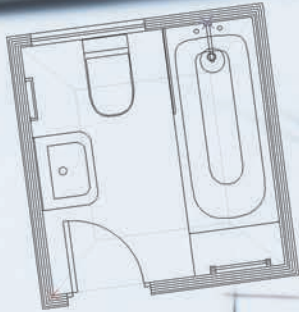

## Distinctive, Bespoke Bathrooms. Designed to fit any space.

Today's modern bathrooms no longer consist of a sink, WC, bath and mirror. With some imagination, Soak Bathrooms can help you by adding a few touches of luxury. Transform your bathroom into a beautiful invigorating oasis, a place where you look forward to starting your day - or even a dedicated wetroom, more in tune with your lifestyle.

## Collaboration

Throughout the planning stage, we work closely with you to discover not only what you like, but also who you are and how you like to live.

We know what works - from styles, layouts and materials to structural issues, and we know how to combine the latest technology and electrics into making your space your perfect bathroom.

## 3D Perspectives

When we design your bathroom with you, we think about how you want to feel using it every day.

Understanding your vision is essential. Only then can it be translated into detailed 3D drawings ensuring that your new bathroom is designed to your exact specification.

## Specialist Finishing

Our expert installation team will follow every individual requirement outlined in the design plan to turn your dream bathroom into a reality.

We achieve beautiful results by combining skilled craftsmen and working in conjunction with a host of specialist finishers.

## Security

Our project managers will take care of all the intricacies of your installation, keeping you informed at every step of the way.

Our Project Management team are Prince2 qualified so you can be confident of our ability to manage your schedule, details and budget.

# FLEXIBLE PAYMENT TERMS

## Flexibility & Control

We appreciate that a new bathroom can be an expensive affair, which is why we offer a range of finance options.

We can offer flexibility and control, allowing you to choose your monthly repayment amount or loan length.

INTEREST FREE  
CREDIT AVAILABLE

0%  
APR

REPRESENTATIVE  
UP TO 12 MONTHS  
INTEREST FREE

ON ORDERS OVER £1000

## Saving You Time

We work closely with a number of manufacturers to bring you a wide range of choice when selecting your bathroom furniture and accessories.

We can save you precious time and effort by introducing you to the right type of product to meet your vision.

“

I was so impressed with the standard of work provided by Soak Bathrooms, I asked them to refurbish my second wetroom.
